Chiropractic Practice Description

Dr. Karabinos' desire to become a chiropractor was triggered by his personal experience at 17. Following a low back injury sustained while working loading trucks, he experienced excruciating and debilitating pain. Bedridden and having no success with the medical treatment offered by several physicians, his parents brought him to a Chiropractor. After one Chiropractic adjustment, the level of improvement was astounding. This experience eventually caused Dr. Karabinos to seek a rewarding career as a Chiropractor. Since Dr. Karabinos started his practice, his desire grows each and every day as his patients receive wonderful results. Dr. Karabinos uses a "whole person approach" when caring for his patients. By combining the very best hands-on techniques, personalized therapeutic massage & various physical therapy modalities, Dr. Karabinos continually researches, attends seminars & classes to learn and incorporate the latest breakthroughs of chiropractic treatment to HOLME CIRCLE CHIROPRACTIC.

To learn more about Dr. Karabinos, click here or on the "Request an Appointment" button to the right to schedule your initial consult.
